**RECEIVER’S SECOND INTERIM APPLICATION AND MOTION
FOR COURT APPROVAL OF PAYMENT OF FEES AND EXPENSES
OF RECEIVER AND RECEIVER’S RETAINED PROFESSIONALS**

Kevin B. Duff, as the receiver (“Receiver”) for the Estate of Defendants EquityBuild, Inc., EquityBuild Finance, LLC, their affiliates, and the affiliate entities of Defendants Jerome Cohen and Shaun Cohen as defined in the Order Appointing Receiver (Docket No. 16) (collectively, the “Receivership Defendants”), and pursuant to the powers vested in him by Order of this Court entered on August 17, 2018, now respectfully submits this Second Interim Application (“Application”) and moves this Court for an order approving payment of the fees and expenses of the Receiver, the Receiver’s counsel, Rachlis Duff Adler Peel & Kaplan, LLC (“RDAPK”), the Receiver’s accountants, BrookWeiner, LLC (“BrookWeiner”) and Whitley Penn LLP (“Whitley Penn”), the Receiver’s forensic consultant, Prometheum, and the Receiver’s property tax appeal counsel Lauren D.W. Tatar, Esq., (“Ms. Tatar”) from the Receivership Estate operating account. In support of his Application and Motion, the Receiver states as follows:

I. BACKGROUND

1. On August 15, 2018, the United States Securities and Exchange Commission (“SEC”) filed a civil Complaint against Jerome Cohen, Shaun Cohen, EquityBuild Inc., and EquityBuild Finance LLC (collectively the “Defendants”) alleging violations of federal securities laws, along with a motion for entry of an asset freeze, permanent injunction, and other ancillary relief. (Docket Nos. 1 & 3, respectively)

2. In their Complaint against the Defendants, the SEC alleged violations of Section 10(b) of the Securities Exchange Act of 1934 (the “Exchange Act”), 15 U.S.C. § 78j(b), and Rule 10b-5 promulgated thereunder, 17 C.F.R. 240.10b-5, Section 20(a) of the Exchange Act, 15 U.S.C. §78t(a), Sections 5(a) and 5(c) of the Securities Act of 1933 (the “Securities Act”), 15 U.S.C. §77e(a) and (c), and Section 17(a) of the Securities Act, 15 U.S.C. §§77q(a). (Docket No. 1)

3. The Complaint further alleged that the Defendants operated a Ponzi-scheme that raised at least \$135 million from more than 900 investors by, among other things, making untrue statements of material fact in connection with the sale of promissory notes allegedly secured by residential real estate primarily located on the south side of Chicago. (*Id.* ¶¶ 1-7, 17, 20-51)

4. On August 28, 2018, the Court entered a judgment against defendants Jerome Cohen and Shaun Cohen which, among other things, enjoined future violations of federal securities laws. (Docket No. 40)

5. In connection with its civil action, the SEC sought and obtained Court approval for the appointment of a Receiver, and on August 17, 2018, this Court entered an Order Appointing Receiver. (Docket No. 16)

6. Under the Order Appointing Receiver, the Receiver was authorized to engage and employ persons and entities in his discretion to assist him in carrying out the duties and responsibilities set forth in the Order. (*Id.*, Order Appointing Receiver, ¶ 54)

7. Accordingly, the Receiver retained RDAPK as special counsel, and, on August 20, 2018, the Court entered an Order approving RDAPK's rates. (Docket No. 19) On August 23, 2018, the Receiver retained BrookWeiner and Whitley Penn to provide accounting services and to perform tax and related work regarding the assets of the Receivership Defendants, and, on August 28, 2018, the Court entered an Order approving BrookWeiner's and Whitley Penn's rates. (Docket No. 39) On August 31, 2018, the Receiver retained Prometheum to access and preserve data within EquityBuild's cloud based storage systems and provide related IT services, and, on September 6, 2018, the Court entered an order approving Prometheum's rates. (Docket No. 56) On November 16, 2018, the Receiver retained Ms. Tatar to perform certain legal work regarding certain of the real property assets of the Receivership Estate. On November 21, 2018, the Court entered an order approving the same. (Docket No. 164)

8. Pursuant to the Order Appointing Receiver, the Receiver and his retained personnel are entitled to "reasonable compensation and expense reimbursement" from the Receivership Estates, as described in the "Billing Instructions for Receivers in Civil Actions Commenced by the U.S. Securities and Exchange Commission" (the "Billing Instructions") agreed to by the Receiver. (Docket No. 16, ¶ 69)

II. SECOND INTERIM APPLICATION

9. Pursuant to the Billing Instructions, the Receiver provides the following information regarding the application:

a. The Application covers the period from October 1, 2018 through December 31, 2018;

b. As set forth above, this Court appointed the Receiver on August 17, 2018. The Receiver retained RDAPK as special counsel on August 17, 2018, and RDAPK commenced services to the Receiver that same day. Shortly thereafter, on August 20, 2018, the Court entered an order approving RDAPK's rates. The Receiver retained BrookWeiner and Whitley Penn as accountants on August 23, 2018, and they commenced services to the Receiver that same day. Shortly thereafter, on August 28, 2018, the Court entered an Order approving BrookWeiner's and Whitley Penn's rates. The Receiver retained Prometheum as forensic consultant on August 31, 2018, and they commenced services to the Receiver that same day. Shortly thereafter, on September 6, 2018, the Court entered an order approving Prometheum's rates. On November 16, 2018, the Receiver retained Ms. Tatar to perform certain legal work regarding certain of the real property assets of the Receivership Estate, on November 21, 2018, the Court entered an order approving the same. (Docket No. 164)

c. The names and hourly rates of all professionals for RDAPK, BrookWeiner, and Whitley Penn, as well as Prometheum's hourly rates are attached as **Exhibit A**.

d. This is the Receiver's second interim application. The first interim application was submitted on June 12, 2019. (Docket No. 411) Objections were filed and a hearing on the first fee application is scheduled for September 25, 2019. (Docket No. 458)

III. Case Status

10. Pursuant to the Billing Instructions, the Receiver provides the following information regarding the status of the case, and activities performed specifically for the period covered by this Application.

a. The Receiver's Standardized Fund Accounting Report ("SFAR") for the Fourth Quarter 2018 is attached as **Exhibit B**. The SFAR sets forth the funds received and disbursed from the Receivership estate during this reporting period. As reported in the SFAR, the amount of cash on hand as of December 31, 2018 was \$307,354.37.¹ The information reflected in the SFAR was based on records and information currently available to the Receiver. The Receiver and his advisors are continuing with their evaluation and analysis.

b. Upon his appointment, the Receiver began making efforts to determine the nature, location, and value of all property interests of the Receivership Defendants, including monies, funds, securities, credits, effects, goods, chattels, lands, premises, leases, claims, choses in action, rights and other assets, together with all profits, interest, or other income attributable thereto, which the Receivership Defendants owned, possessed, retained a beneficial interest in, or controlled directly or indirectly. In furtherance of such, the Receiver took, *inter alia*, the following actions:

i. Notice of Appointment of Receiver

During the fourth quarter of 2018, the Receiver continued his efforts to notify all necessary and relevant individuals and entities of the appointment and to protect and preserve the assets of

¹ The amount of cash on hand in the Receiver's Account as of August 12, 2019 was \$863,600.60. This figure includes \$105,870.94 corresponding to two amounts still under investigation. (*See* Docket No. 348, at 24)

the Receivership Estate. To that end, during the fourth quarter of 2018, the Receiver delivered additional notices to, *inter alia*, banks, financial institutions, utility companies, contractors, vendors, attorneys, property managers, and other individuals or entities which have been identified as potentially having possession of the property, business, books, records, or accounts of the Receivership Defendants, or who may have retained, managed, held, insured, or encumbered, or had otherwise been involved with any of the assets of the Receivership Defendants.

ii. Control of Receivership Property and Records

During the fourth quarter 2018, the Receiver continued his efforts to locate and preserve all EquityBuild property and records. The Receiver and his forensic consultant Prometheum gained access to and preserved data broadly spread across multiple platforms. At the end of the fourth quarter 2018, Prometheum had preserved 1.77 TB of data. The Receiver, working with Prometheum, maintained three select platforms during the fourth quarter of 2018. The monthly cost for two of the three platforms was \$188.00. The yearly cost of the third platform was \$1,700 to be paid in two installments of \$850, the first of which the Receiver paid on October 4, 2018.²

In connection with the SEC's retained forensic expert, the Receiver undertook to have EquityBuild devices and records imaged, including cell phones, tablets, and computers for current and former employees, as well as the Cohens. These efforts were initially complicated by privilege and privacy objections asserted by the Cohens, but these concerns were ultimately resolved in accordance with a plan proposed by the SEC. Moreover, current and former EquityBuild employees were directed to either return to the Receiver or preserve all records and devices that remain in their possession. Pursuant to that direction, the Receiver obtained or worked to obtain cell phones, electronic records, and hard copy records (including certain original records).

² The Receiver secured a reduced rate for charges relating to this third platform.

Additionally, the Receiver requested all EquityBuild-related documentation in the possession, custody, and/or control of a Chicago law firm that acted essentially as outside general counsel to EquityBuild and its affiliates.³ The law firm initially refused to produce the requested documentation, ostensibly on the basis of a potential assertion of attorney-client privilege objections by the Cohens. Finally, having received no objections from the Cohens, the law firm made the responsive documents available.

iii. Business Operations

During the fourth quarter of 2018, the Receiver continued to identify and eliminate unnecessary costs. During this time, the Receiver terminated remaining employees, although one such individual transitioned to working as an independent contractor on a limited, as-needed basis. During this time period, the total payroll expense together with payments to independent contractors was \$17,371.80.

iv. Factual Investigation

During the fourth quarter of 2018, in an effort to reconstruct what transpired since the inception of the Defendants' scheme and to trace, where possible, the flow of investor funds into and back out of real properties owned by EquityBuild or its affiliates, the Receiver and his retained professionals continued to review the following: (i) documents and correspondence sent to or received from the EquityBuild principals, to whose email accounts the Receiver has access; (ii) bank records from EquityBuild and its affiliate entities; (iii) EquityBuild documents (largely stored in cloud-based and other electronic media, although some received in paper form); (iv) available underlying transaction documents contained in the files of former Chicago-based EquityBuild

³ This law firm is not the Chicago-based firm that acted as general counsel as referenced in the first status report. (Docket No. 107 at 5-6)

counsel received to date; and (v) files produced by former EquityBuild securities counsel, accountants, and employees. Moreover, the Receiver requested documents and records from the Cohens (including those called for by the Order Appointing Receiver).

The Receiver and his retained professionals also collected, reviewed, and analyzed all available loan documentation associated with the financing or refinancing, through various lenders, of substantially all of the EquityBuild portfolio during the 2017-2018 time frame.⁴ Among other efforts, the Receiver and his professionals endeavored to ascertain the terms of the loans and the current loan balances, and to obtain and review available due diligence materials submitted by EquityBuild in connection with the original loan applications.

v. Retention of Real Estate Broker

During the fourth quarter of 2018, the Receiver continued to analyze and evaluate the proposals submitted by each of the three real estate firms the Receiver previously interviewed. Following negotiations regarding the terms of the agreement, the Receiver retained SVN Chicago Commercial, LLC (“SVN”) real estate brokerage and asset management services. The Receiver, in connection with SVN, worked to determine and implement an orderly and strategic plan of disposition and filed the Receiver’s Liquidation Plan identifying the same. (Docket No. 166)

vi. Real Property in Illinois

During the fourth quarter of 2018, the Receiver had identified 79 multi-family residential apartment buildings and 34 single-family homes comprising approximately 1,673 dwelling units within the Receivership Estate. In conjunction with the services provided by SVN, and his liquidation plan, the Receiver identified three categories of multifamily residential apartment

⁴ Approximately 80% of the mortgaged properties in the EquityBuild portfolio were financed or refinanced in the 2017-2018 time period. The balance of the mortgaged properties were financed or refinanced in the 2014-2015 time period.

buildings in the Estate: (i) properties to sell in the near term for the purpose of infusing the Receivership Estate with cash that can be used to preserve and maintain the remaining assets of Receivership Estate and allow for their orderly disposition; (ii) properties that require additional evaluation; and (iii) properties with substantial operating costs that require significant capital improvements.

At least for the first properties to be sold, the Receiver determined that public sales would be the most beneficial to the Estate. On November 12, 2018, the Receiver moved for Court approval of a sealed-bid public sale auction of the first tranche of properties (Docket No. 130), including the following six multi-family residential apartment buildings:

- 5001 S. Drexel Boulevard, Chicago, IL 60615;
- 7500-06 S. Eggleston Avenue, Chicago, IL 60620;
- 7547-49 S. Essex Avenue, Chicago, IL 60649;
- 7927-49 S. Essex Avenue, Chicago, IL 60617;
- 8100 S. Essex Avenue, Chicago, IL 60617; and
- 6160-6212 S. Martin Luther King Drive, Chicago, IL 60637.

The Receiver and his counsel prepared for and participated in hearings on November 16 and 21, 2018, after which this Court held that the Receiver's proposed sealed-bid public sale complied with the requirements of 28 U.S.C. §§ 2001 and 2002 and granted the Receiver's motion. (Docket No. 164)

Thereafter, the Receiver and his counsel moved forward with efforts to list and sell the first group of properties. Those efforts included coordination with SVN with respect to listing, marketing, and selling the properties, arranging for publication of notices of the public sales of the properties, and corresponding with potential purchasers.

For those properties earmarked for a public sale through sealed bid process, the Receiver and his counsel provided all potential buyers access to documents such as rent rolls, profit and loss statements, surveys, and other due diligence materials currently available. The Receiver set a bid deadline and potential buyers were provided property tours. The Receiver received multiple offers on each property. The Receiver, his counsel, and SVN then evaluated offers using criteria that included, without limitation:

- the proposed purchase price; [REDACTED]
- whether financing will be required and if so, whether the potential buyer has a strong relationship with lender; [REDACTED]
- the potential buyer's source of equity; [REDACTED]
- the potential buyer's current real estate holdings, including property type and location; [REDACTED]
- the potential buyer's proposed strategy for the real estate; [REDACTED]
- the reputation of the proposed buyer's ownership group; [REDACTED]
- the potential buyer's due diligence process, including underwriting and requirements for returns and holding periods (Docket No. 166); and
- the goal of achieving a diverse group of potential buyers with a local presence.

The Receiver accepted what he determined in his business judgment to be the strongest bid for each property, and executed purchase and sale agreements on December 20, 2018 for five of the properties and for the sixth property on January 3, 2019.

Additionally, since his appointment, the Receiver worked to ensure the two existing property management companies remained in place and endeavored to ensure all health, life, and safety issues at the properties were addressed expeditiously. Receiver's counsel worked closely with the property managers to defend against a thicket of administrative and housing court actions alleging building code violations of widely varying levels of severity filed by the City of Chicago.

vii. Status of Property Tax Liability

There were 26 properties in the Receivership Estate for which 2017 property taxes were unpaid during the fourth quarter of 2018, amounting to \$407,176 in collective tax liability. (Docket No. 258 at 11-12) During the fourth quarter, the Receiver evaluated the properties, their financial reporting, and tax positions to determine sources of funds available to pay property taxes.

On November 16, 2018, the Receiver filed a motion to approve property tax appeal counsel to pursue appeals of selected properties on a strictly contingency-fee basis. (Docket No. 156) The Court granted this motion on November 21, 2018. (Docket No. 164) The Receiver's property tax appeal counsel thereafter pursued property tax appeals on 16 properties and achieved reductions in assessed values on a number of the properties in the Receivership Estate, translating to approximately \$34,908.38 in projected savings on 2018 property tax liability. (Attached as **Exhibit C** is a chart of projected savings on 2018 property tax liability) Pursuant to the tax counsel's contingent fee agreement, tax counsel is due a contingent fee of \$3,490.84 (10% of the property tax savings). The Receiver intends on utilizing net operating income for any property where there are sufficient funds to pay his property tax appeal counsel for that particular property. For the remaining properties for which tax counsel achieved a tax savings, the Receiver seeks approval to use funds from the Receiver's operating account but to subsequently recoup those amounts from the subject properties upon their sales.

viii. Institutional Lenders

During the fourth quarter of 2018, the Receiver and his retained professionals maintained regular contact with the institutional lenders, not only for the purpose of gathering critical information relating to the loans made to EquityBuild and its affiliates, but also for the purpose of responding to myriad inquiries regarding the management and financial condition of the various

properties. The Receiver and his counsel received hundreds (if not thousands) of e-mails and telephone calls from more than twenty institutional lenders, servicers, originators, and trustees, as well as their respective counsel. Among other things, the lenders and their representatives sought information regarding occupancy, income, and expenses relating to approximately 88 separate properties. The Receiver's counsel also worked with the institutional lenders and the property managers to coordinate site visits to at least 85 properties, and in certain instances, the Receiver received multiple requests to visit the same property. The Receiver and his counsel negotiated agreements with counsel for several lenders pursuant to which the Receiver allowed repeat visits to certain properties in consideration of the lenders' agreements to limit their asserted rights to include costs relating to certain duplicative visits in any claim against the Receivership Estate.

The Receiver also provided the institutional lenders with direct access to the Receivership Estate's insurance broker for the purpose of confirming that the applicable properties are carrying adequate levels of general liability and property insurance. Additionally, the Receiver and his counsel worked with the Receiver's insurance broker to evaluate the insurance in place for the Estate and its properties.

ix. Other Potential Receivership Assets

During the fourth quarter of 2018, the Receiver and his retained professionals continued investigating non-Illinois properties as Receivership Assets, including properties in Naples, FL, Houston, TX, Plano, TX, and Jackson, MS that have or may have been purchased with EquityBuild investor funds. The Receiver also investigated such matters further during the fourth quarter of 2018 to determine the nature of funds relating to and the extent of any commingling of funds corresponding to the Mississippi properties.

x. Securing Bank and Investment Accounts

During the fourth quarter of 2018, the Receiver notified, contacted, and conferred with the banks and other financial institutions that the Receiver was able to identify as having custody or control of any funds, accounts, or other assets held by, in the name of, or for the benefit of, directly or indirectly, any and all of the Receivership Defendants. With respect to each such fund, account, or other asset, the Receiver has either taken control of the fund or account or confirmed the assets of the fund or account are frozen pending further direction by the Receiver or Court order. In certain instances, the Receiver liquidated the funds or accounts and transferred all proceeds to the accounts established by the Receiver for the operation and benefit of the Receivership estate.

xi. Accounts Established by Receiver for the Benefit of the Receivership Estate

The Receiver established custodial accounts at a federally insured financial institution to hold all cash equivalent Receivership property. The interest-bearing checking account is used by the Receiver to collect liquid assets of the estate and to pay the portfolio-related and administrative expenses. For each property encumbered by secured debt that has sold, the Receiver also subsequently established an interest-bearing savings account for the purpose of depositing and holding funds until such time as the Court orders otherwise and for ultimate distribution, upon Court approval, to the creditors of the Estate, including the defrauded investors. (Docket Nos. 230, 311, 344 & 346)

xii. Determination of Status of Investor Accounts

During the fourth quarter of 2018, the Receiver continued to take steps to determine the identity of all investors and the amounts of their respective deposits, interest, and withdrawals. To accomplish this task, the Receiver searched the cloud-based and other digital media received from the Receivership Defendants, reviewed information supplied directly by investors (including

mortgages and account statements), and analyzed available bank records. In addition, many investors have reached out to the Receiver to identify themselves, the amount of their investment, and, in many instances, have provided documents.

xiii. Contact with Investor Victims

As previously indicated, the Receiver is continuously updating his list of known investors in the Receivership Defendants' fraudulent offerings. During the fourth quarter of 2018, the Receiver received hundreds of emails and voicemails from investors and responded by providing the foregoing information and indicating that his investigation will take many months. He asked investors for patience during this lengthy process because responding to individual inquiries depletes Receivership assets. To ease the burden and provide basic information, therefore, the Receiver established a web page (<http://rdaplawn.net/receivership-for-equitybuild>) for investors and other interested parties to obtain information and certain court filings related to the Receivership estate, which remains in place today.

xiv. Open Litigation

During the fourth quarter of 2018, the Receiver negotiated and entered an agreement to lift the automatic stay of litigation in the matter captioned *Watson, et al. v. EquityBuild, Inc., et al.*, Case No. 2017 L 1320, Circuit Court of Cook County, Law Division.⁵ (Docket No. 205) This Order provided, among other things, that the stay was lifted and allows plaintiffs to proceed in a limited fashion against EquityBuild and 8100 S. Essex, only to the extent of the amount of

⁵ That state court lawsuit arose from an arson fire that occurred in 2016 at 8100 South Essex. It includes three consolidated cases brought by the plaintiffs and a third-party complaint brought by EquityBuild against the arsonist. The plaintiffs in the state court lawsuit are seeking damages resulting from multiple deaths and several serious injury claims.

available insurance coverage (if any). As part of the agreement reached, each plaintiff waived his, her, and its rights claims against the Receivership Estate for any amount in excess of applicable insurance coverage and agreed to not file any claim as part of the claims process in this action. (*Id.*)

Moreover, the Receiver and his counsel continued to work closely with the City's corporation counsel for each department (circuit court, buildings, streets and sanitation, and waste management), as well as the property managers, to address all open building code violations, to address life and safety issues, and to preserve the respective properties. To that end, the Receiver's counsel appeared on City of Chicago related matters on approximately seven occasions during the fourth quarter of 2018. During the fourth quarter of 2018, there were nearly two-dozen known and pending building code violations.

xv. Tax Issues

Whitley Penn was retained to prepare income tax returns for EquityBuild and its affiliates for the tax years 2016 and 2017. During the fourth quarter of 2018, Whitley Penn worked with the Receiver to obtain necessary documents and information in order to prepare and file what it anticipated as 32 tax returns. Twelve entities were previously classified as having an undetermined tax filing status. Based on further information from former EquityBuild employees, Whitley Penn determined these entities do not have a filing requirement. Whitley Penn reviewed the properties owned by each of the entities and compiling income and expense reports for each of the properties. Many of these reports were not available and had to be requested from the Receiver. Whitley Penn reported its efforts were significantly challenged by EquityBuild's information and record keeping problems.

Whitley Penn also provided bookkeeping, payroll, and consulting services during the fourth quarter of 2018. These services were needed, among other reasons, to gather and preserve records, assist the Receiver and his professionals with respect to accounting, expenses, and payroll for the Receivership Defendants, and gather and produce essential records and information.

Additionally, the Receiver retained BrookWeiner to perform accounting, tax, and related work regarding assets of the Receivership Defendants such as the accounting for ongoing business operation of the Receivership Defendants. During the fourth quarter of 2018, BrookWeiner prepared and distributed W2's to former EquityBuild employees for 2018 and has also filed any remaining 2018 Q3 and Q4 employment reports with the necessary state and federal agencies.

c. All known Receivership Property is identified and described in the Master Asset List attached hereto as **Exhibit D**. The Master Asset List identifies 53 checking accounts in the names of the affiliates and affiliate entities included as Receivership Defendants, reflecting a total amount transferred to the Receiver's account of \$105,870.94. Of these funds, \$30,820.87 came from an account in the name of 1632 Shirley LLC, which relates to the Mississippi properties discussed earlier. The amount transferred to the Receiver also reflects \$75,050.07 that EquityBuild received from an investor; the funds were wired prior to the appointment of the Receiver and cleared after the appointment. (*See* Docket No. 258, at 21)

d. The Master Asset List does not include assets and potentially recoverable assets for which the Receiver is still evaluating the value, potential value, and/or ownership interests. The Receiver is in the process of evaluating certain other types of assets that may be recoverable by the Receivership Estate, including, but not limited to, charitable donations, loans, gifts, settlements for which payment has not yet been received, and other property given to family members, former employees, and others.

e. *See also* Receiver's Second Status Report (Fourth Quarter 2018) for additional information. (Docket No. 258)

IV. TIMEKEEPING ENTRIES AND PRACTICES

11. The Receiver and his retained professionals have recorded their time entries and prepared corresponding invoices diligently and in good faith to reflect the work performed on behalf of the Receivership Estate. Recognizing that certain objections were made by certain institutional lenders (the "lenders") on issues regarding various time entries included in the Receiver's first fee application, the Receiver provides the following expanded description, to aid understanding and provide context for the timekeeping entries and practices reflected in the invoices.

Many time entries in the invoices correspond to work performed for which the separate tasks are in relatively small increments. The lenders criticize these entries *en masse* and suggest, for example, that telephone calls and email correspondence of brief length "should have been performed by staff (*i.e.*, overhead)." (*E.g.*, Docket No. 438, at 8.) This is not a legitimate criticism. It improperly and wrongly presumes inefficiency and improper staffing. Providing greater granularity in the timekeeping entries avoids billing for blocks of time and results in more detail and increased transparency. Simply because the work each professional performs each day can be broken down into small increments amount of time does not mean that such becomes redefined, presumptively or otherwise, as overhead or less substantive.

In fact, smaller timekeeping entries and billing practices generally reflect the enormous amount of work required being performed for this receivership and the corresponding efficiencies that the Receiver and his retained professionals are achieving. The fact that the Receiver and his professionals are able to quickly and efficiency handle many different tasks during each day does

not mean that the work should not have been performed. To the contrary, it shows efficiency and cost effective efforts.

The lenders also criticize time in which the Receiver or his professionals engaged in collaboration, coordination, or communication through in office conferences or emails. This criticism ignores efficiencies and value that collaboration, coordination, and communication bring to an engagement. The invoices reflect, for example, that office conferences with multiple participants are limited, only involved key participants, and revolve around substantial matters in order to ensure that subsequent work on those matters and issues was more efficient, not less, by being coordinated, not duplicative, better informed, targeted, and properly planned. Communication in this manner also is essential to ensure that the work of the professionals beyond those billing for their work is being supervised and performed to adequately and properly protect the interests of the Receivership Estate (*e.g.*, property managers, asset managers and real estate brokers, insurance agents, etc.).

Also, there are instances were professionals whose time entries reference participation in conferences with other professionals, but the time amounts billed for each professional vary. The lenders presume that the difference in amounts reveal something improper in the timekeeping practices. In fact, the Receiver and his professionals are careful to ensure that the timekeeping entries and billing practices in such circumstances are accurate and appropriate. For example, if a professional participated in a conference, but it was determined that the individual ought not bill for such time, then the individual's time entries may not reflect the conference while at the same time others' time entries may reflect their participation. Similarly, if during the course of a conference, a professional gives attention to another matter (*e.g.*, devotes time to substantive email correspondence or leaves the room, etc.), that professional will only bill for the time he or she was

actively participating in the conference. It also may be that a professional's limited focus on a particular issue only warranted their participation for part of a meeting. For such a circumstance, their time entries would vary from other participants. There also may be instances that can occur where a professional failed to capture or record all of their time for a given task, despite their best efforts, particularly given significant number of tasks and entries that have been and are necessitated through the efforts reflected in the invoices.

In addition, isolated instances where a professional with a higher billing rate may have performed work that may otherwise have been performed by a lower billing rate were typically only in those circumstances where the exigencies of timing required it or an informed decision was made to do so with the expectation that it could be performed more expeditiously and cost effectively for the Receivership Estate (*i.e.*, requiring less time in relation to billing rates).

All this having been said, there is no perfect time and billing system. As with all human endeavors, there may be inefficiencies and imperfections. But, here the Receiver and his staff have worked diligently to limit inefficiencies and imperfections and to have worked performed by professionals in relation to the nature of the work, taking account the context and circumstances of the work, and always in an effort to perform the work efficiently and cost effectively. The Receiver and his staff also have devoted hundreds of non-billable hours to carefully track and record their time for work performed, to scrutinize and revise their invoices, and to ensure that the invoices submitted to the Court fairly, accurately, and reasonably reflect the amount and value of the work performed on behalf of the Receivership Estate.

V. BILLING ADDRESSED IN THIS APPLICATION

12. Pursuant to the Billing Instructions, the Receiver provides the following information regarding current billing:

a. Total Compensation and Expenses Requested.

- i. In connection with his duties, the Receiver respectfully requests compensation for services rendered, totaling \$120,471.00 for the period of this Application. A copy of the Receiver's invoices for October – December are attached as **Exhibit E.**
- ii. In connection with the legal services provided to the Receiver by RDAPK, the Receiver respectfully requests compensation for services rendered, along with reimbursement of expenses, totaling \$392,385.09 for the period of this Application. A copy of RDAPK's invoices for October – December are attached as **Exhibit F.**
- iii. In connection with the accounting provided to the Receiver by BrookWeiner, the Receiver respectfully requests compensation for services rendered, along with reimbursement of expenses, totaling \$21,642.50 for the period of this Application. A copy of BrookWeiner's invoice is attached as **Exhibit G.**
- iv. In connection with the accounting provided to the Receiver by Whitley Penn, the Receiver respectfully requests compensation for services rendered, along with reimbursement of expenses, totaling \$15,979.00 for the period of this Application.⁶ A copy of Whitley Penn's invoice is attached as **Exhibit H.**
- v. In connection with the legal services Lauren D.W. Tatar, Esq. provided in connection with the property tax appeal work, the Receiver respectfully requests

⁶ Whitley Penn also submitted invoices for tax preparation work during the fourth quarter for the 2016 and 2017 returns. As that work is not complete, the Receiver recommends deferring the Court's consideration of those invoices until after the work is complete.

compensation on a contingent basis for services rendered, totaling \$3,490.84 (10% of the property tax savings) for the period of this Application. A copy of the engagement agreement setting forth the contingent agreement is attached as

Exhibit I.

- b. Source of Funds for Requested Compensation and Expenses. The Receiver requests that the above compensation and expenses be paid from the Receiver's operating account. The amount of cash on hand in the Receiver's Account as of August 12, 2019 was \$863,600.60.
- c. Second Application for Payment of Professional Fees and Expenses. This is the Receiver's second application.
- d. Summary of Activity. A "Summary of Activity," providing the total hours billed and the amount of billing for each person who billed time during the Application period (October 1, 2018 through December 31, 2018) can be found at the end of the Receiver's invoice (Exhibit E) and RDAPK's invoice (Exhibit F), and on the first page of BrookWeiner's invoice (Exhibit G).

V. CONCLUSION

WHEREFORE, the Receiver respectfully requests that the Court approve the Receiver's Second Interim Fee Application and enter an Order as follows:

- a. finding the fees and expenses of the Receiver and Receiver's retained professionals, Rachlis Duff Adler Peel & Kaplan LLC, BrookWeiner, LLC, Whitley Penn LLP, and Lauren D.W. Tatar, Esq. as described in Exhibits E-I respectively, to be reasonable and necessary to the Receivership;

b. approving the Receiver's payment of such fees and expenses to the Receiver and to Receiver's retained professionals from the Receivership Estate as described and recommended herein; and

c. granting the Receiver all other relief which this Court deems just and proper.

RECEIVER'S CERTIFICATION

1. Pursuant to the Billing Instructions, the Receiver certifies as follows regarding the Receiver's Second Interim Application and Motion for Court Approval of Payment of Fees and Expenses of Receiver and Receiver's Retained Professionals:

a. The Receiver has read the foregoing Application and Motion.

b. To the best of the Receiver's knowledge, information and belief formed after reasonable inquiry, the Application and Motion and all fees and expenses therein are true and accurate and comply with the Billing Instructions (with any exceptions specifically noted in this Certification, Application, and Motion);

c. All fees contained in the Application and Motion are based on the rates listed in the Fee Schedule attached hereto as Exhibit A, and such fees are reasonable, necessary, and commensurate with the skill and experience required for the activity performed;

d. The Application and Motion does not include in the amount for which reimbursement is sought, the amortization of the cost of any investment, equipment, or capital outlay (except to the extent any such amortization is included within the permitted allowable amounts set forth herein);

e. In seeking reimbursement for a service which the Receiver or the Receiver's Retained Professionals justifiably purchased or contracted for from a third party (such as copying, imaging, bulk mail, messenger service, overnight courier, computerized research, or title and lien searches), reimbursement is requested only for the amount billed to the Receiver or Receiver's Retained Professionals by the third-party vendor and paid by the Receiver or Receiver's Retained Professionals to such vendor. If such services were performed by the Receiver or Receiver's Retained Professionals, the Receiver certifies that no profit has been made on such reimbursable service.

2. On August 14, 2019, the Receiver provided to Mr. Benjamin Hanauer, of the SEC, a complete draft copy of this Application and Motion, together with all exhibits and relevant billing statements in a format specified by the SEC.
